

Resident of parklands

Jacqueline Wright
10304 Sequoia Way
White Plains, MD 20695

- issues I've experienced since moving into my house 2 1/2 months ago in Parklands Community:

1. Electrical issues with outlets
2. HVAC - system; Air conditioner component of HVAC had to be replaced 12 days after I moved into my house
3. Cracks in bathroom floor - see pic.
4. Cracks in basement floor - see pic
5. Sidewalk in front of home - see pic

* I am ^{asking} you to stop work @ the Parklands Development immediately

* Withhold approval for Lennar

to start their next project in Charles
County until they resolve the many
issues we are experiencing with our
homes grant
* Do not waste the 85% rule
* I am extremely disappointed in many
refusal to address issues we are
experiencing in the Parklands
Community.

* Do not grant waiver of the
85% rule.

Kenan is moving forward quickly
w/ addressing serious issues @
Parklands Development.
