Against Topic

Comment

I'm against this topic because Bryans Road needs to see the study regarding lead and its impact on us in this area. Many of us are constantly being disrupted various hours of the night from local aircraft flying over our homes from Maryland Airport. No, these aren't the commercial planes either. A lot of neighbors are exhausted with the disruptions happening around our homes. There has to be some type of way to engage the citizens who live here for their input and feedback before authorizing things that aren't serving us. We still don't have valuable amenities for enjoyment in this area that have been requested for over 30 years. How will this change impact our water resources that many of us have heard the challenges were facing ahead with? Were tired of outside people coming into Bryans Road, getting paid from us and then leaving us behind to foot the bill from the effects.
