I am reaching out to the Charles County Commissioners out of concern for county employees. Last November we heard a concerning letter from county employees expressing their dissatisfaction with their working environment. I have not heard of anything about this topic since. Has it just been swept under the rug? In addition, I am concerned that the three commissioners that voted to start the charter process had no issue voting in something they wanted and starting the charter process - without any will of the people being expressed towards the matter. Yet - when the people of Charles County expressed time and time again that we wanted the ability to remove a sitting commissioner, the same three board members voted against it. Please start working for the people you serve by helping us with issues we find important instead of only working for yourselves.
