County Commissioner,

Teaching is the career that creates all others. An investment in education is an investment in our future. As an educator, having the resources I need to effectively do my job ensures that every student in our community can be a success. I'm will to put in the hours necessary. I'll go above and beyond to meet my students needs inside and out of the classroom.

To continue that vision together, I ask that you fully fund the Superintendent's budget request for the upcoming fiscal year. Now, more than ever, we've seen the impact that public education has on our community, and we need to make sure that every resource is at our disposal to maximize the education and services we provide to the students and residents of Charles County.

I know that the current times are challenging for many, but I also know that the longer-term vision of what Charles County is, and can be, is important in moving through – and beyond – the current crisis. We start to fulfill a positive vision, together, when we put resources where they are most needed. Fully fund CCPS to show that you, too, are for our students.
