County Commissioner,

My name is Carol A. Cofield. I have been a teacher in Charles County for 20 years. I am a proud parent of four, now adult children and two grandchildren, who either have matriculated through the Charles County public school system and gone on to become well educated, productive citizens or are currently enrolled in a Charles County public school. I believe that my children's success is due in part to the solid educational foundation they received in the Charles County school system. I would like to see the same caliber, if not greater, of educational resources remain available to my grandchildren.

The Board of County Commissioners has historically provided solid funding for the students and employees of the Charles County Public School system, and I'm appreciative that my commitment to a quality education for every child is echoed by our elected officials. As an educator, having the resources I need to effectively do my job ensures that every student in our community can be a success.

To continue that vision together, I ask that you fully fund the Superintendent's budget request for the upcoming fiscal year. Now, more than ever, we've seen the impact that public education has on our community, and we need to make sure that every resource is at our disposal to maximize the education and services we provide to the students and residents of Charles County.

I know that the current times are challenging for many, but I also know that the longer-term vision of what Charles County is, and can be, is important in moving through – and beyond – the current crisis. We start to fulfill a positive vision, together, when we put resources where they are most needed. Fully fund CCPS to show that you, too, are for our students.

#EACC4OurStudents

Sincerely,

Ms. Carol A. Cofield
5th Grade Teacher
Charles County Public Schools
