County Commissioner,

Historically, the Board of County Commissioners has provided solid funding for the students and employees of the Charles County Public School system; I appreciate that my commitment to a quality education for every child is often echoed by our elected officials. As an educator, having the resources necessary to effectively perform my job ensures that every student in our community has equal access to learning opportunities that lead towards their success.

Now, more than ever, we've seen the impact that public education has on our community, and we need to make sure that every resource is at our disposal to maximize the educational opportunities and services we provide to the students and residents of Charles County. In an effort to continue aligning our visions and working together, I ask that you fully fund the Superintendent's budget request for the upcoming fiscal year.

I realize that the current times are challenging for many, but I also know that the longer-term vision of and for Charles County is important. Together, with complete funding and collaboration, our community, students, and businesses can overcome – and beyond – the current crisis. Together, we fulfill a positive vision when we allocate resources where they are most needed - our students; our future.

Fully fund CCPS to show that you, too, are for our students.

Sincerely,

Rhonda Cupolo
