Regarding Legislative Proposal Centralized Trash Service: No doubt if Charles County government were to take over curbside trash collection, taxes would go up. How could they not considering the equipment, manpower and upkeep needed to collect trash in the whole county.....even the rural areas where houses are few and far between. There are more than enough private services catering to those wanting curbside collection; if one doesn't work out, hire another. Better yet, haul your own trash to any one of the recycling centers and use a \$2.25 tag-a-bag ticket for 32 gallons of trash. Depending on how much trash you have, you may only have to go once a month and that's a real deal.
