We respectfully request that our County Commissioners convene a task force comprised of community stakeholders- including the Board of Education. The Task Force will be afforded sufficient time to ensure that the public's interest is protected. The school allocations policy has such significant consequences for our community that changes demand a more deliberate and collaborative effort, as well as a thorough assessment to protect our public facilities. Additionally, we suggest a public forum where the Task Force recommendations can be shared, which will promote transparency and full understanding of how the changes will serve the public's best interests.
