The school allocations policy has such significant consequences for our community that changes demand a more deliberate and collaborative effort, as well as a thorough assessment to protect our public facilities. We respectfully request that our County Commissioners convene a task force comprised of community stakeholders- including the Board of Education. The Task Force will be afforded sufficient time to ensure that the public's interest is protected. Additionally, we suggest a public forum where the Task Force recommendations can be shared, which will promote transparency and full understanding of how the changes will serve the public's best interests.
