Please stop building and over crowding Charles County! The public school system cannot handle the increase, neither can our current road system. Crime is sky rocketing with the increase in population and the county doesn't seem to be doing enough to keep up with the demands an increase in population is causing. Locals used to love the peace of driving through back country roads. But the environment is being ruined through cutting down trees for development. Charles county is on its way to becoming a dumpy, crime driven hell hole if the Commissioners continue to let building get out of hand. Please stop.
