Additional growth in this county should not move forward. The roads overflow with vehicles, schools are over crowded and more homes will put further strains. Our teachers and children should have manageable class sizes so our students can prosper. That would be 20-22 students in a school room not a trailer due to overcrowding. Crime is getting out of control. These things need to be addressed before more growth. Back in 2004 I had to jump through so many hoops to get a building permit to build one house on average but they were given freely to large neighborhoods on billingsly road. That is still happening and is ridiculous. Work on investing in unused spaces instead of building new. Also invest in things like internet throughout the county. I recently looked into getting Comcast to come to my house and my share was \$11,000. That is not in a price range for anyone especially now. SLOW THE GROWTH! There is no reason for the growth except financial gain for some without caring about others.
