Turf fields are absolutely needed for our youth sports community. The loss in practice and game time to constant weather issues is a real challenge. Our youth sports community doesn't have the same types of facilities that most other neighboring counties have and our children fully deserve the same types of facilities. Ultimately, rentals of these turf fields could make money for the county if they are utilized properly. Please support the addition of two turf fields for this budget and please work with the youth sports athletic associations to determine the best place to put these turf fields so that they will be used to the fullest potential.
