There is no mention of green space Improvements for Waldorf, specifically around O'Donnell lake. I find the lack of attention to the Lake O'Donnell area curious as it is available space equally overrun with potential and weeds. Why isn't more investment place on this land to provide a QUALITY green space fo Waldorf residents. It would serve as a dual response to Charles county sustainability initiative and provide a much needed communal space for our community. I am sure most residents would support their tax dollars being invested in a highly visible, aesthetically pleasing project that protects the precious habitat that exist in our community. I don't want to see another year go by and it is unnecessary ignored; especially when Charles County had just received funds for such improvements. Please do not site the other "green spaces" that exist 10 miles from my home. Kindly speak directly Torie issue of Lake O'Donnell. If I read correctly, there are provisions available to acquire the necessary space to make the requested improvements. Sent respectfully
