I've always felt that it's the people of this world responsibility to protect all wildlife in their natural habitat area. I'm very sorrowful that any commercial area just don't care because of the benefit and gain of money. If we don't protect them who is willing? I love all nature and is very appreciative of the sincerity, peace and love that overcomes me just by observing them live as we live in this world. It's really not fair that they can't all the litigation and laws that man writes just so they violate innocent animals, water that we all need, and the respect for a "GOD" given gift that was given to us as a people to care for. Have anyone even thought of why COVID-19 exist? Have anyone even thought that 2 are connected because of the destruction of man ways of this gift called earth

that we dwell upon? If not, take a moment and just “Think” about how abusive man have become in today’s times. It’s totally unconsciously “HORRIFIC”. So, where else that all us as a people have to go to “LIVE”.
