I do not support the expansion of Maryland Airport. We do not need an enlarged airport or industrial park in the area. Mattawoman Creek is already prone to flooding and the deforestation of the land would only increase this. Additionally, the area is home to a portion of the rail trail and hikers do not want to walk through an industrial complex. The infrastructure in the area does not support as expansion of this sort nor is it welcome. This project is about the increased wealth of the airport owners and would be devastating to the already fragile ecosystem and completely disregards the health of the residents and the climate crisis the world faces. I ask that you do not approve the expansion of Maryland Airport.
