The airport is a vital necessity to the county and in my professional opinion it will be a catalyst for Charles County's future. Look at our neighbors in St. Marys how well that airport is doing. We have an opportunity here to do something that will benefit all the people of Charles County. Jobs, tax revenue, transportation, business will flock to an area with a functional airport that we now have with new ownership. You need land all around the airport to do it right. Let's get zoning that works. Thank you.
