Greetings, Commissioners. I would like to voice support for the proposed Plan Amendment. As an aviation business owner, and someone who's used Maryland Airport, I can state without a doubt that enabling this change to facilitate the expansion of the airport will create good paying jobs in the aviation field and the related economic benefit to the county as a whole. Businesses like mine spend huge sums of money each year maintaining and upgrading aircraft, but without the appropriate infrastructure at an airport, they are unable to foster and develop the associated businesses which do the work. Currently, Maryland Airport's runway is too short to attract aircraft for major work and overhaul. Simply put, approving this proposal will create good, high paying jobs which provide a path to lifetime careers both for young people finishing high school and military veterans who received extensive

training on aircraft maintenance during their military service. Good jobs and providing work opportunities for folks to stay in the county and not commuting to Washington, DC, for employment. Thank you for your time.
