Comment

Please vote AGAINST the amendment which would remove the Water Conservation District from the needed protections given from the damages which would be newly produced in and around the airport. This amendment would drastically fragment the current protections given to the flora and fauna, thus eliminating their needed existence. The additional leaded fuel pollution given by this expansion would further endanger human, animal and plant life as it now exists. The clearing of more open space would allow further damage from the heavier storms which a warming planet bestows on its inhabitants. Once more, vote AGAINST this very damaging amendment.
