The airport is a vital part of the future of Charles County and should be encouraged --- not attacked! The WCD is an unfortunate distraction and roadblock created by environmental zealots who are not interested in the welfare of the everyday working class citizens of Charles County. The airport was originally a positive factor for our county --- and it should continue to be nurtured and even supported by the County Governmental for the overall good of our citizens. Please do not listen to the environmentalists -- their cause will NOT be harmed by the expansion of the airport runway or by the addition of businesses around the airport. I am for the topic.
