My comment — If the commissioners decide to not amend the comprehensive plan to support development surrounding the Airport, what are the County's plans in offering tax savings to the residents in Bryans Road? We pay an overwhelming amount of taxes with little to no amenities, and the area surrounding the Airport, Bryans Road shopping center, and the MD-210 corridor has little to no upkeep or maintenance. Commercial and Residential Properties in those areas appear to not be up to County code standards and they give a negative aesthetic to the area.
