Please vote against the amendment to remove the Water Conservation District that protects the Mattawoman Creek Watershed land surrounding the airport. The Amendment would fragment forest and wildlife corridors in an area with documented biodiversity. We need to protect these areas far more now than we need additional air transport capacity which would destroy habitat, emit greenhouse gases and pollute our air and water. The conservation district was created to protect the Mattawoman Creek watershed from just this kind of development. Please respect the intentions of the Maryland citizens and vote against this amendment.
