I oppose the amendment to remove the Watershed Conservation District designation from around the airport. The WCD designation was put there in response to urgent warnings from state and federal agencies. The science is well-established that WCD is critically needed to keep Mattawoman Creek from going over the tipping point of irreversible decline. Removing the WCD designation, as discussed by all parties, would lead to intense expansion of the airport, resulting in an unacceptable increase in the exposure of the community, especially schoolchildren only 700 yards away. Save the Creek and Save the Community. I do not understand how 4 of the County Commissioners at the hearing voted for the amendment. You do not understand the economic value of this watershed. Mattawoman Creek is one of the few places left in Maryland where you have great fishing that attracts anglers from all across the

USA that come to Charles County to compete at fishing tournaments. They spend money at restaurants, hotels/motels and gas stations. The message you are sending is a wrong one. I think this will be reflected in the next election for Charles County Commissioner.
