I oppose the amendment to remove the Watershed Conservation District designation from around the airport. The WCD designation was put there in response to urgent warnings from state and federal agencies. The science is well-established that WCD is critically needed to keep Mattawoman Creek from going over the tipping point of irreversible decline. Removing the WCD designation, as discussed by all parties, would lead to intense expansion of the airport, resulting in an unacceptable increase in the exposure of the community, especially schoolchildren only 700 yards away. Save the Creek and Save the Community.
