When I first moved to Indian Head Manor five years ago I was informed that our water would be going from well water to county water. Well as of today it still feels like day one. Nothing has changed! I have been to the annual water meetings and have heard the same thing over and over from the county... Their always requiring something new or even asking for the same information multiple times. Every year we're given a new start date, just for that date to come and go. And as we watch the days go pass the price of the project is only going up. Our water system is falling apart as we speak. Were having issues more frequently now, and something has to be done before it gets to the point that the community can not afford the repairs.
