Ladies and Gentlemen; Rezoning of the Property in question has been in my family since 1929; before I was born. But I lived there during my childhood and as an outdoors person and a hunter, I was very familiar with the property. The majority of the 580 acre farm was sold to Mr Wooster after WWII but my parents retained some property along 210 and Hungerford Road, for our family; I was one of eight kids. Part of the retained property was donated to the Fire Department that now houses an up to date facility.

I, along with my nephew John, was with Madam Greer when she gave testimony on 22 Sep. She gave sufficient reasons for change of zoning. I hope you, too, agree with her reasoning.

Thank you for your positive consideration.
