On March 8, 2020, Fauci said "there's no reason to be walking around with a mask," according to Reuters— I agree. Masks do not work and being forced to wear one is political tyranny. Commissioner Coats said in the last closed to public meeting that she does not want a mandate. I agree. This is the land of free and home of the brave! We can manage just fine without a mask mandate like most of the country already does including the surrounding counties, the State just south of the Potomac and the nation's capital. It is well past time to lift draconian policies that do not protect the public health and lead courageously by stopping the lie that masks work. The state of Florida has the lowest COVID-19 infection rate in the entire county, all 50 states! Florida has a REAL Republican Governor, and he has successfully kept the public safe by enforcing no COVID-19 mask mandates or shutdowns. I agree.
