I am opposed to any measures that allow the commissioners to mandate masks, business closures or restrictions if any kind during a health crisis. We are adults and should make our own health decisions. We took the vaccine so we wouldn't have to wear masks.. still have to wear masks and surprise, vaccinated folks can still spread it. If that's the case, it's no different than smoking, I can assume the risks if I chose to. Those that have health issues are free to wear the mask but it should never, ever be mandated. Thank you for your time and consideration.
