This mandate is constitutionally illegal and should not be reinstated. As a American and a adult, I am 100% able to decide for myself what is safe and what is not. Not one person on the board is qualified or certified to sit as a board of health either. The people you represent are speaking to you about what we want and it's clear that you are not listening. Last time I checked, you all work for the people, not the other way around. No mandate PERIOD.
