Mandatory masking is not necessary any longer to combat the endemic Covid-19 virus. Many counties in our region with voluntary masking policies have similar health metrics. All the mandatory masks is doing is hurting the businesses in charles county. You are forcing business owners to adhere/enforce a mandate that WILL dissuade customers from patronizing their business. People are/will continue to spend their dollars in king george,va or st Mary's in order to shop the way they feel comfortable (without a mask). We have locked down, we have lowered the curve. This proposal is detrimental to the success of small businesses in our county. Please DO NOT support mandatory masking in charles county. It will only bring more adverse impacts to our businesses trying to dig out of the whole they are in.
