Masks should be optional NOT mandatory. We have traveled in our RV throughout the States during the COVID pandemic and in most of the States (as far North as Maine to as far South as the Florida Keys and from here to TN), you would not even know there was such a thing as COVID. Most were not wearing masks and almost all businesses were open. We were not bombarded with COVID stories on the local news stations and life appeared pretty much normal. We come back to MD, and everything changes. Charles County is more rural than most of the places we visited. There is SOMETHING wrong here!
