Enough is enough. This is nothing more than a power grab. You continue to over step your bounds and now you want to vote for yourselves to legally over step your bounds?!?! And you want to call yourselves a "health board"? A health board should be 5 people with expertise in the medical field. Who of the 5 has this?? 5 people do not have the right to hold CAPTIVE a whole county, there should be a process. We are intelligent people who have the right to choose what is best for us individually. That's what this country was founded on
