Please allow freedom of choice with this matter. There are many citizens in Charles County, especially the elderly who don't always stay updated by watching main stream media on a routine basis- if there is no warning about this mandate, citizens could be penalized without having adequate notice, or time to prepare- and that would be unfair. Additionally, passing this into law is going down a very slippery slop- when does it end- how many more freedoms will be lost, if this mandate is approved to become law. Please protect the freedoms we have left. Thanks!
