I purposefully do not shop in the county because of the mandate. This should be a choice, not a requirement. Masks and vaccines do not slow the spread. You can still get sick and/or carry the virus even if you are vaccinated. The reasons behind the mandate is simply for control and it is costing the county money, which waterfalls into further issues. End the mandate. Give people the chance to decide for themselves. THEIR BODY, THEIR CHOICE. It is no longer a public health issue if you still get sick regardless of vaccination status. This is a control issue.
