Masks DO NOT reduce the spread of the Covid virus. It says so right on the side of the boxes of masks used in hospitals. I am a hospital nurse. I've read the boxes and pointed out the wording to others many times. It's like putting up a chain link fence to keep out mosquitos. Stop parroting Abney who just parrots the CDC, which just parrots a political narrative. Follow the scientific evidence from both sides and then follow the money. One you do that you will be able to think critically and think for yourself. If we wanted Abney running the county we would have voted for her for commissioner. NO MASK MANDATE TYRANY! Let the citizens of "The Free State" live their lives free to discern their own health care needs.
