I am against the continued mask mandate in Charles county MD. I recently went to our beautiful East coast Ocean City where the mask mandate was not in place , it is one month later and I did not get sick from anything. This mask mandate has gone on long enough, we need to get our freedoms back. I had COVID in May 2021 , I have antibodies , I have been in many situations during the pandemic with crowds indoors and out , in the past almost two years , and yes even though I eventually got sick we can not stop living out lives due to this virus. It is here to stay and building immunity anyways is still best against this and other virus. Follow the science they say, well human beings have lived with viruses and other diseases and the human body will adapt and survive . This mask mandate needs to go, many towns in Maryland are not doing it anymore and many other states are not doing , and people just want their lives back . STOP being a dictatorship of government, to impose this on us any further. WE want our lives back now!
