I completely oppose required face coverings in Charles County. I believe the current state of public health in the county does not require such extreme action. I also think it is an overreach of power. Masks drive customers to neighboring counties where they can shop comfortably, damaging Charles County businesses. Masks in every social situation also cause untold social damage to the development of our children (I have three) who cannot learn how to read facial expressions and non verbal cues. Please reject any and all mask mandates for Charles County. Thank you!
