Comments:

Dear Commissioners,  
I am EXTREMELY concerned regarding the reinstatement of the mask mandate and the fines that you will be voting on. As a long time resident (more than 20 years) of Charles County and a nurse, I am completely against this vote. I do not believe there is any real science behind this potentially negative impact on our county. I do believe this will have more negative consequences than positive ones for all. I urge you to think this decision through all the way and chose to allow your constituents to make that informed decision on wearing masks. The constituents will make the best decisions for themselves and will not rely on the local government to do that for them. It is not the role of government to dictate what is best for their constituents. Your constituents will be watching who votes for and against the mandate and fines. Thank you for your time and I urge you to consider this very carefully.
