Let me be clear..I am FOR dropping the silly mask mandate once and for all and AGAINST the Charles County Commissioners having ANY authority over this. While Charles County continues to act ridiculously, the rest of us are going to church, shopping, dining out and living life in neighboring counties who are free to live their lives. I'm a Covid survivor so I don't take Covid lightly, we know that handwashing, staying home when sick, and being careful in our surroundings is what helps not to contract this illness. Being a responsible human is what helps not to spread the illness. Wearing masks, is never ever going to deter the spread of covid. Tell the Charles county commissioners to get off their pompous pedestals. They're not doctors, or any type of health professional, and they're getting their advice from the wrong people. They need to open their eyes and open their ears to the realities of this illness; it's always going to be around and it's up to each person to do what they think is correct. Covid can't be stopped with a mask.
