As a person with a suppressed immune system. I am guided by my personal medical professionals that have assisted in how I've experienced this pandemic unaffected by their guidance. Mandating proper hand washing and diet should also be encouraged to boost the immune systems of all residents. The mask is the first stage of protection. Not the answer to solve the pandemic. While endorsing the imposition of a mandatory mask ordinance with penalty. The underlying articles in such a movement for a law must be clear in its definition to not impose additional mandates in perpetuity. My questions are regarding who will manage or police this process and what additional fines or penalties will be occur for repeat offenders.
