I am against the County Commissioners parading as the Health Department (or whatever the actual term is in the document for this hearing) to then be able to turn around and mandate the wearing of masks w/resultant fines if one does not comply. And you all are not being fully transparent in the hearing title - based on the verbiage in the document that goes along with this hearing, it's further stated that this authority can be applied to other health measure that the Health Department/whatever the name is deems necessary. This is total overreach.
