As a CPA who has been working non stop to keep my clients' businesses open for the past two years, it's time we stop with the face coverings. They're applied unfairly, affecting some types of businesses harder than others, and keep our employees in a state of uncertainty. My Charles County clients are being hit hard by your month long extensions, meanwhile shoppers just go spend money wherever they want. I was up at Maryland Live Casino last month, and no one had a facemask on. Businesses know what works to safeguard themselves and stay open, and it's largely not public businesses that result in spreading Covid-19 anyways. Federal funds have dried up for businesses, supply lines are stretched thin, help wanted signs are everywhere. Charles County is not going to make a substantial dent for improvement by continuing to enforce a mask mandate. It will make a dent for the negative.
