2.I am not responsible for the health of anyone else.I do not know their nutritional habits, sleeping pattern, diabetes,high bloodpressure,heart disease,drug use history. Why am I responsible for their health? Should I get a colonoscopy to help them avoid colon cancer? Take Tylenol b/c they have headaches?Wear sunscreen b/c they are going to the beach?I have never in the past been responsible for your Grandmother's health, why should I now be responsible? Your grandmother is responsible for herself and I am responsible for myself. No face covering measures!
