We do not need laws to control the population. Mask mandates are not required for all. We were told if we get vaccinated that we do not need masks. The new omicron variant is in 38 countries with no deaths. Surrounding counties do not have mask mandates, nor does the state of Virginia, our neighbor. Your mandates will force people to go to other jurisdictions to shop, which many of us have already done. This only hurts Charles county businesses and citizens. Adults can make their own decisions for their own health. We must learn to live with this as any other virus without government interference. "We the people" choose freedom over tyrannical government. The citizens did not elect you to strike fear into the population. Please live and let others live as they choose.
