There is little substantive study-based or data-based evidence to suggest that masks work to slow the spread of COVID-19. Secondly, mask mandates limit the freedoms of citizens. Some people want to wear masks; let them. Some people do not want to wear masks. Why not let every person choose what is best for them? Thirdly, I am speaking as a Charles County business owner: a mask mandate would hurt our small business owners. I have heard of countless people who are traveling to Calvert County, King George, or St. Mary's. We need those shoppers in OUR county. Thank you for your time, ~Jennifer
