As a resident and a person that works directly with the public in this county, it's imperative that we drop the mask mandate indefinitely. Policing your mandate has damaged our customer relations and has driven clientele to neighboring counties and states where there is no mandate. Masking should be voluntary and by the discretion of the individual. The public has been well equipped with vaccines and retrovirals. We all need to recognize and acknowledge the reality that we're in the endemic stage of covid and that it's time to move on.
