At this point wearing a "face covering" should be personal choice. This has gone on long enough! We all know the "facts" and majority of us have gotten the so called protective vaccine, so why keep us wearing masks? The continuous mask wearing is only suppressing our immune system, making it easy for us to catch and spread viruses. We are never going to get rid of COVID, just like we will never get rid of the flu. Let's make sense and let people make their own choice.
