There is very little evidence that masks work to prevent the spread of COVID, especially when considering how the general population wears them. To implement this policy would be a grave mistake. You would open the county up to potential litigation on many fronts, which no one wants. Please do yourselves and all of us a favor and do not support this. If someone wants to wear a mask, let them wear it. But forcing people to do so would be a violation of our rights, not to mention generally unhelpful in its intended goal of stopping the spread of COVID.
