I am against removing the mask mandate. While the county is down to a "substantial" level of transmission, it is still higher than the CDC's guidelines for "moderate" or "low". Furthermore, only 71% of the county's population has been vaccinated. Removing the mandate will place nearly 1/3 of our county's citizens at a much more significant risk of catching COVID-19 and suffering a serious or critical infection. The mask mandate must remain in place until the risk of transmission drops to low.
