The requirement of wearing face mask should not be made mandatory, it should be your choice. There's been many studies proving that the only mask that provide some protection are N95s and they're not even a 100 percent. Everywhere you go and people are wearing mask, majority of workers and civilians have them under their chin ,under there nose. "ITS POINTLESS" and every one can make their own choice, if you want to wear one then wear one, if you don't it's on you; they don't protect nothing at the end of the day. I feel as though it only will hurt the stores because wherever I go if they tell me I need a mask I simply leave and take my business elsewhere. If you believe they work, then you wear them and you'll be safe but not everyone should be forced to wear them and businesses shouldn't be punished. It's sad to look around when you're in a store and everyone is in a mask , so many people are brainwashed into being terrified. If you're scared stay home, do a store pick up but don't punish everyone we want normalcy, thank you.
